

# VLSI MEMO SERIES

MTL maintains a comprehensive Memo Series covering the activities of MTL and related microsystems research at MIT. A chronological list of memos issued from 2006 appears below. Copies of MTL Memos are available online exclusively to members of the Microsystems Industrial Group (MIG) at MTL. MIG members are invited to sign up for an account that will grant them access to these materials in a password-protected directory. Visit our website at <http://mtlweb.mit.edu> for more information and current memos.
